Description

**MEMO TO:** PARC Members **ITEM #4.B**

**FROM:** Randy Quale, Parks and Recreation Manager

**DATE:** October 21, 2015

**SUBJECT:** Minnesota River Valley Strategic Plan Update

Staff are currently revising the first draft of the Minnesota Valley Strategic Plan based on input received from the City Council, PARC, Planning Commission and the general public. We anticipate completing these revisions by early November, then will send the second draft of the plan to the City's Graphics Department for formatting. The revised plan will then be presented to the City Council, PARC and Planning Commission, possibly as early as December. Staff hope to have a final version of the plan ready by January/February 2016 for City Council approval.
